Carroll, Jellerson Co. Patriotic

Various sized flags, bunting and tricolor crepe paper have been ordered. The interior of the Carroll, Jellerson Shoe Co. factory in true patriotic attire.

Tom Raymond, foreman of the stitching room is responsible for this transportation. Believing the display of the good old U. S. A. colors a true indication of the patriotic feeling, he started a movement in his department. A collection was taken and the girls had flags over every machine with a generous display on each center post.

Other foremen got a line on the decorations and in fact nearly everything over the entire plant, resulting in one big show of old glory from the most remote room to the office. Percy Nevers of the cutting department had the boys greatly enthused so their tastefully arranged bunting streamers, flags and crepe paper decorations about the posts and ceiling are striking. In the packing room, the foreman T. E. Ross, and his help brought together fine effects by generously using the red, white and blue bunting and flags.

Lasting machines, last racks, finishing machines and in fact nearly everything about the big factory gives pronounced evidence of genuine patriotism.

But this is not all. L. M. Carroll has taken the stump and will not be flanked by the several hundred shoe makers under his fatherly care. He has on hand a 10x15 bunting flag which will be unfurled to the breeze when the staff can be set in place on the factory roof.

Something substantial is coming from this magnificent show of true loyalty. A benefit dance is to be held soon in the cutting room. The floor will be in excellent condition, there will be refreshments with good music furnished and patriotic decorations. The money will be given to the Red Cross or whatever local War Fund is featured.

L. M. Carroll, Charles Hunt, F. B. Ross, Tom Raymond and F. Robert Seavey attended an annual banquet at Auburn Saturday night. This was a gathering together of superintendents and foremen from shoe factories in Maine.

Mr. and Mrs. True C. Morrill entertained as guests, Mrs. M. C. Morrill of Gray, and Mrs. N. D. Haskell of Mechanic Falls. They returned to their homes Monday.

Mrs. Arthur Hayden and son Arthur, Jr., returned to Rochester, N. Y., Monday.

George Downing came from Auburn Saturday night and returned Sunday afternoon.

Ralph, the five year old son of Claude and Sara Freeman Thomas, fell from the hay loft Saturday and fractured his skull. He was taken to the C. M. G. hospital at Lewiston, and was operated on at once. The surgeons consider he has an even chance for recovery.

## Corns Peel Right Off With "Gets-It"

2 Drops, and the Corn is a "Goner!"

When you've got to walk on the sides of your shoe to get away from those awful corn-pains, there's only one common-sense thing to do.

Use "Gets-It" Your Corns Won't Swell in Water. Besides, They'll Shrink, Loosen and Peel Off!

Put 2 or 3 drops of "Gets-It" on the corn right away. Pain and inflammation will disappear, the corn will begin to shrink from that instant—then it loosens and falls right off. There's no other corn-remover in the world that acts like "Gets-It." No new discovery has been made in corn-removers since "Gets-It" was born. Don't forget that fact. "Gets-It" does away forever with the use of salves that irritate, bandages that make a bundle of your toe, plasters that half do the work, knives and scissors that draw blood. Use "Gets-It"—no more digging or cutting.

"Gets-It" is sold everywhere, in a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.

Sold in Norway and recommended as the world's best corn remedy by F. P. Stone, Frank Kimball and the A. L. Clark Drug Co.

#### ALBANY

The ladies' circle, which was to meet Friday, April 6, on account of the big snow storm was postponed two weeks to Friday, April 20th.

There is about 2 feet of snow on the ground in the woods on a level on the North cant. Our mail carrier came from Bethel Saturday, April 7, on runners. We are in hopes to see him on wheels by July 4th. 38 years ago the 10th day of April D. A. Cummings was plowing and sowing peas on the Pine Hill farm. It does not look much like it this spring.

Abel Andrews had the misfortune to stick a nail in his foot, which made him quite lame, but is better now.

Guy Johnson bought a horse of Harry McAlley.

The selectmen were busy last week, taking the valuation.

The spool mill which was burned at Lynchville, two weeks ago, will be a great loss to the farmers of this town, who owned birch in the south and southwest part of the town, as well as to the towns of Waterford and Stoneham. We hear they are going to locate in some other location where birch is more plenty.

This spool company has been doing a good business here for over 40 years. Everybody will hate to see them leave. This was the third time the spool mill has been burned since they first built.

Dick Judkins, who has been to work for Charles Becker for two years or more, has enlisted for the war. We understand that George Hamilton's two sons Arthur and Leslie, of South Paris, formerly of Albany, are both in the navy.

Funeral services were held at her late home, Sunday, at 2 o'clock, and were largely attended. Rev. Livingston of Bridgton, officiated, and made fitting remarks on the beautiful character of the deceased. He was assisted by Mrs. Fred Sanborn and Mrs. Fred Colby, who sang two selections. The floral tributes were many and beautiful. Among those who attended the funeral from away were, Mr. and Mrs. B. P. Proctor, and Mr. and Mrs. Charles Wood of Norway, Llewellyn Brown of Gorham, and Mrs. Alma Lucy of Conway. The graves were in the family lot in the lower village cemetery.

## Norway and Vicinity.

(Continued from page 1)

Harry Rust, W. R. C. No. 45 met in regular session, Thursday evening, April 5, several members of the Post being in attendance. One candidate was taken into membership. At the request of the Post, the Corps will have charge of the Memorial Day exercises, and a special committee comprised of Mrs. Hattie O. Brown, Mrs. Edith L. Bartlett and Mrs. Edith Edwards was appointed to make the necessary arrangements. Among the visitors present were Mrs. Georgia Cash from T. A. Roberts Corps, Oxford, Mrs. Nellie Dwinall, of South Paris, a member of Sampson Corps, Rochester, N. H., and Mildred Morgan, a member of Brown Corps, Bethel.

The entertainment committee Mrs. Alta J. Sheen, chairman, presented an interesting program consisting of readings by Mrs. Edith Bartlett, Mrs. Clara M. Elliott; piano solo, Mrs. Nellie Dwinall; singing of patriotic songs by the Corps; and the reading of respect to the flag, and the work of the Patriotic instructor were read.

At the close of the meeting a social hour was enjoyed, and refreshments of ice cream, cake, and fancy cookies were served.

Annual Corporation Meeting. The annual Norway Village Corporation meeting was held at the Opera House Tuesday evening, April 10. Henry B. Foster was chosen moderator and the following list of officers for the ensuing year were chosen:

Clerk—Stuart W. Goodwin. Assessors—Geo. F. Hathaway, Raymond H. Eastman, Frank J. Witham.

Treas.—E. N. Sweet. Collector—Chas. H. Pike.

Engineers—J. P. Gullinan, chief, T. P. Richardson, 1st asst., F. H. Hurd, 2nd asst., F. A. Hall, S. G. Hatch.

Fire Police—Guy Estes, Geo. L. Hancock, H. E. Pinder, E. C. Winslow.

It was voted to have all poll taxes assessed in 1917 made payable May 1st and all other taxes than poll taxes assessed for 1917 were made due and payable Nov. 1 and all taxes not paid Jan. 1, 1918, 1 per cent interest will be charged from that date.

The only article of which the count was doubted was that in relation to the police service. A count of hands was necessary. On the doubting side no hands were shown and \$600 was voted for the police service. For usual corporation expenses \$4,800 was voted. It was also voted to raise \$3,200 for the retirement of several bonds maturing in 1917 and \$850 for the interest on bonds.

It was also voted to abate the taxes assessed against the heirs of William Pratt for the year 1917, also against Albert P. Canwell for the year 1917. It was left with the corporation to see if a light should be installed at the head of Bolster street. The corporation were in favor of purchasing twelve galvanneal iron cans to be used for waste paper refuse etc. on Main street, and also of purchasing bonds required of the Treasurer and Collector. One hundred and sixty-two dollars was suggested to install a fire alarm box at the corner of Tucker and Alpine streets, but was finally passed over as was also the question of extending the sewer to Elm street to accommodate the property of C. A. Richardson, C. L. DeCosta and others and to see what sum of money the corporation would grant and raise for that purpose and in what way it shall be raised. The corporation meeting was well attended and the regular routine of business disposed of in about a half hour.

Annual Universalist Supper and Entertainment. Tuesday at 6:45 o'clock, April 17, the gentlemen of the Universalist Parish will give their annual supper and entertainment in Concert Hall. Great preparations are being made to have this function the church social event of the season.

The menu will be cooked as only these suppers are cooked, which means expert home cooking for which the members of this parish are famous.

The supper items are as follows: Steamed Haddock, mashed potatoes, gravy, baked beans, homemade pressed meat a la Frank Beck, hot rolls, pickles, assorted cake, custard, lemon, and cream pies, coffee, tea and Pike's Hill spring water.

The entertainment will be a seven reel moving picture drama of intense interest. It will be presented by H. N. Byrdon and is entitled "The Dust of Egypt."

Wonderfully scenic and picturesque it presents a beautiful love story linking the Egyptian past and the 20th century.

## After the War

Dennis Pike shows as a copy of the Savannah Republican printed at Savannah, Ga. Monday morning, June 5, 1865.

It was sent north by Mr. Pike's father, Chas. Pike, who was a soldier in the Civil War and was then stationed at Savannah.

The paper was printed on dark wrapping paper as that was probably as new newspaper as they could get in the south at that time. The city was then under military government and the editors were trying to get affairs into shape for the war.

In it we read: "Amnesty, the terms of pardon for the rebels" and "How a pardon may be obtained". There were a number of proclamations by the president of the United States. The work of reconstruction had begun. The surrender of Gen. Kirby Smith's command had just been announced. His department embraced all of the rebel confederacy beyond the Mississippi. Brevet Maj. Gen. C. Grover was the officer in command and in this paper were printed several of his general orders to the people of the city. One was that heretofore to pass word be necessary to enable civilians to enter, leave or travel within the limits of this district. Another order was that all restrictions heretofore placed upon the bringing in of wood from outside the picket lines surrounding the city were removed. Those availing themselves of the privilege so extended will be held strictly responsible. That they do not cut wood upon lines not belonging to them without proper authority, neither will they be permitted to disturb fences or other improvements.

The order forbidding the passing out or in through the military lines of letters, newspapers or written communications was revoked.

A grand ball at Folks Garden was advertised to celebrate Pantoicost.

The paper was well filled with advertising and looked prosperous although it was only a four page six column paper.

Mrs. Harry Mann of West Paris will work during the spring and summer for Mrs. Marritt Welch.

Mrs. Esther M. Cushman is stopping with her sister, Mrs. Fannie Frost, 38 Paris street.

## NORWAY MUNICIPAL COURT.

Wm. F. Jones, Judge.

John Swan of Bryant's Pond was brought before the court Monday by Deputy sheriff Benjamin R. Billings, charged with intoxication. Respondent was found guilty and a sentence of 30 days in the County jail imposed.

Mrs. Roswell Frost. There are lives who have so overflowed their places that one instantly recognizes they can never be refilled. Such a life has just gone into the "world of light" leaving a long irreparable loss as her record of true worth.

In the sudden death of Mrs. Roswell Frost, which to her was a gift from Divine tenderness, we are made fully aware that a rare soul has left this earth.

Mrs. Frost belonged to the almost extinct class in New England women, who met conditions and surmounted obstacles with a courage, endurance, sweetness and even gaiety that make us feel abashed as we contrast our lives with hers.

Forty-eight years ago as a bride of eighteen she followed the man of her choice into the home of a farmer's home of forty-eight years ago.

Years have brought the modern life to them, as to others, but these were strenuous years for the brave little wife and mother, thirteen life and death battles were fought for her privilege of being a mother.

Eleven of these children she has reared and seen placed in life. Grandchildren entrusted to her care never knew the lack of home and love. Friends found at this homestead a hospitable, and always a loving welcome.

Not content with the large family life, which would have closed the heart of many a woman, it was under her roof that forty teachers were sheltered as only such a woman can protect the lonely.

Her children say, "The half can never be told of what mother was and what she did."

She leaves to mourn their loss a husband and 10 children, Mrs. Gertrude Everett of Bethel, Mrs. Eugene E. Flood of Farmington, Mrs. Frank DeCosta of Norway, Walter Frost of Gardiner, Roy of Norway, Guy of Auburn, Claude of Norway, Mrs. Geo. Devine of Norway, Helen Frost of Bethel and Theodore Frost of Norway, also 10 grandchildren and one great-grandchild.

## WHY A PIANO?

We are HAPPIEST when our lives are FULLY ROUNDED OUT by the proper experiences, and if we don't include ART in those experiences, we have missed the combination. MUSIC is just as much needed in our home—in ANY home—as different foods are at a meal. We can't get along on bread alone, or meat alone, or anything else by itself. And we can't say that we have lived up to our full measure without music. THE PIANO is an essential in your home—because its results is an important part of Happiness. And to be Happy is to have secured the best that life holds.

## PREPAREDNESS

Whatever the outcome of the present conflict, it is certain that foodstuffs of all kinds will be in demand and will command a high price. Now is the time to make plans for a larger acreage of all field crops. It is also certain that farm help is to be scarce and very expensive. These things are therefore necessary and vital for the season of 1917.

### GOOD FERTILIZERS

### FRESH AND RELIABLE SEEDS

### IMPROVED FARM MACHINERY

We have now in stock plenty of Bradley's and also Rogers & Hubbard's Fertilizers, of all the best brands, on which we can now make the most favorable prices. Better secure them at once. The materials of which they are composed are going higher every day.

High Grade Field and Garden Seeds are now in store and we are receiving them every day. Some seeds are a little higher than last year, but our Bulk Garden Seeds, Peas and Beans are the best values to be had. Those who buy early will get the best trades.

Everything in Agricultural Machinery we have now in stock at prices far below the present market. Sulky and Swivel Plows, Disk and Spring Tooth Harrows, Clark's Outaway Harrows, Spreaders, Walking and Riding Cultivators, Weeds, Grain Drills, Garden and Hand Drills, Seeders and Hoes and many others. All the above articles that we now have in stock we can sell at prices much lower than we can now buy them.

The comfort and safety of our nation, for the next year, depend on the farmer and on the use that he makes of SEEDS, FERTILIZERS AND IMPLEMENTS.
